

CLAAS ARION 650 & STRAUTMANN FORAGE TRAILER

0773 25 Claas Arion 650 with front loader

With the fully functional front loader, the Claas Arion 650 demonstrates a further increase in details – the 1:32 scale develops its complete role model fascination!

Imposing modelbuilding is made clear above all through the numerous movable features of the WIKING precision model. The rear mirrors are movable, the cabin door and the rear window can be opened and the rear lifting hydraulics can be elevated and lowered. Also, the engine hood allows a look at the miniaturized power train.

0773 36 Strautmann Tera-Vitesse forage trailer

High-tech pure brings the new Strautmann Tera-Vitesse forage trailer into scale 1:32. Thus, the model enthusiasts can put together highly attractive combinations with the latest generation of tractors. In the most delicate WIKING quality, the large-volume forage trailer makes all the role model functions traceable.
