Anniversary edition N-gauge

The Unimog has been part of WIKING's history for the past 60 years - now it has been brought right up-to-date: the U20 marks the start of the new compact future generation with all its fine detailing on a scale of 1:87. The same quality is displayed by the model of the Lamborghini R8.270 DCR, the powerful heavy-duty tractor which has added a new make to the wide range of agricultural vehicles. The new models which will be available from specialist shops from August also include the legendary "saloon for the man in

the street": the Opel Kadett B, celebrated in model form by WIKING, is one of the first-generation youngtimers which achieved classic status a long time ago. Another newcomer to the range is the new Golf Plus which is the latest addition to the series of successful models from Wolfsburg. And for N-gauge

enthusiasts, the delicately detailed Lanz Bulldog road tractor has been added to the range of small-scale models in 1:160 which celebrates its 40th anniversary this year at WIKING along with a commemorative set created using historic WIKING moulds - a real innovation for this scale available from specialist shops all over Germany. MODEL UPGRADES FOR AUGUST 2009 BRITISH CRANE TRUCK

0062 04 31 VW Eos

0067 03 29 VW Jetta

0807 10 25 Citroën ID 19

0800 07 26 Taxi - VW K70

0601 17 33 Hamburg Fire Service - VW Touareg

0614 02 38 LF 10/6 CL (MAN TGL) fire service vehicle

0696 23 33 Magirus Uranus KW 15

0627 02 44 Düsseldorf Fire Service - Metz DL 32 (MB Eonic)

Amongst its new models for August, WIKING has brought back the impressive Magirus KW 15 crane truck in the colours of the British Allies in Berlin. The truly historic model of the mighty Uranus which a lot of fire service enthusiasts have been asking for for a long time is captivating due to the rarity of the original and the model's high level of authenticity. The emergency rescue vehicle with Metz turntable ladder used by the profes-

sional fire service in Düsseldorf has also been brought right up-to-date. The Rosenbauer LF 10/6 CL fire truck on a MAN TGL chassis in the individual design of the Illerrieden Voluntary Fire Service along with the VW Touareg in the livery of the Hamburg Fire Service complement this perfectly. A particularly striking newcomer: the VW Eos which carried German champions VfL Wolfsburg through the streets of the "motor city" at the end of the season.

The model upgrades also include both models of current vehicles such as the VW Jetta as well as models from eras long past. Among these are the VW K70 as a taxi finished in black as well as the legendary Citroën ID 19.
